Sir:

I, George J. HUDAK, a citizen of the United States of America, residing at 280 Longview Lane, Kennett Square, Pennsylvania 19348, declare:

That I made and conceived the invention described and claimed in patent application Serial Number 09/825,048 filed in the United States of America on April 3, 2001 titled Method and Apparatus for Atomic Emission Spectroscopy.

That I made and conceived this invention while employed by Agilent Technologies, Inc.

That the invention is related to the work I am employed to perform and was made within the scope of my employment duties;

That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of Agilent Technologies, Inc.

That to the best of my knowledge and belief the invention or discovery was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors Energy Research and Development Administration or the Department of Energy.

The undersigned inventor declares further that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
